

Model: DTW450 & DTW450L

ProAccurate® Waterproof Thermometer

Kitchen Measurement Tools

-40 to +450°F/-40 to +230°C

For home cooks who want a highly practical cooking thermometer, the CDN ProAccurate® Waterproof Thermometer (DTW450) and ProAccurate® Waterproof Thermometer – Long Stem (DTW450L) provide accurate temperature readings with a fast 6-second response.

These models stand out for their high waterproof rating. Tests show that they are protected against being immersed in over three feet of water for up to 30 minutes. This is more than enough protection against dropping the thermometer into a full sink.

The ProAccurate® Waterproof Thermometers feature 304 stainless-steel stems and tips for easy insertion. The DTW450 has a 4.5-inch stem and a 1.5 mm thin tip for thin cuts of delicate fish or meats, and the DTW450L has a long 8-inch stem and a 2.5 mm reduced tip for roasts, meats and poultry.

Features

- NSF® Certified
- 1.5 mm thin tip (DTW450) or 2.5 mm reduced tip (DTW450L)
- 6 second response
- Field calibration
- Waterproof (IPX7)
- Safe for commercial dishwashers
- Max/Min

Specifications

Measurement Range:	-40 to +450°F/-40 to +230°C	
Display Size:	1 W x 0.5 H (in)/ 2.5 W x 1.3 H (cm)	
Sensor Length:	DTW450	4.5"/11.4 cm
	DTW450L	8"/20.3 cm
Power:	1 1.5V LR44 button battery included	
Weight:	DTW450	1.5 oz/42 g
	DTW450L	1.7 oz/49 g
UPC:	DTW450	0 18436 00462 2
	DTW450L	0 18436 00469 1
Other:	<ul style="list-style-type: none"> • Shatterproof • High heat • Data-hold • Food-safe ABS plastic with BioCote® • Stainless steel stem • On/off button • 2-way mounting: hook/pocket clip (DTW450: optional magnet)
